Content Strategy and Website Accessibility Training

March 29, 2018

Marina Park Community
& Sailing Center
1600 West Balboa Blvd.
Newport Beach, CA 92663
9:00 a.m. – 3:30 p.m.
(Check-in begins at 8:30 a.m.)

While most CAPIO members are expert communicators, very few of us were trained in website content strategy and even fewer of us fully understand the latest rules and best practices on web accessibility. CAPIO has partnered with Vision to provide members with a free, day-long training on content strategy best practices and web accessibility compliance. These classes have been taught to over 1,000 website content editors at scores of local government agencies, so rest assured that it will be a good use of your time. The City of Newport Beach has volunteered to host us in their beautiful Marina Park Community & Sailing Center.

Presenter

Martin Lind
*VP, Services and Business
Development*

The morning will focus on content strategy, including exercises for:

- Website persona development
- Communicating with your audience
- Task process evaluation

After lunch, we'll focus on web accessibility, including:

- Why being accessible benefits everyone, including your agency
- Laws, standards and enforcement you need to know
- How to make your content accessible

The workshop is limited to 30 attendees, so only two people may attend per agency to allow a broader set of agencies to join in.
